

BIONATOR INSTRUCTIONS

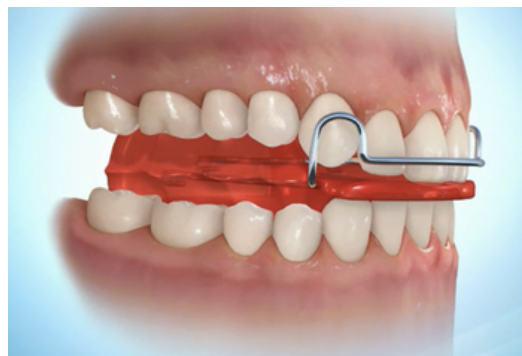

1. The Bionator is a removable appliances worn to bring the lower jaw forward and decrease overbites. In order to accomplish this objective it must be worn **full time** unless otherwise directed. This includes while sleeping at night. Do not wear it when eating, brushing or playing sports. Place it in your plastic storage case when not wearing. *Be sure to place your name and phone number on the storage case.*

2.If the appliance rubs or irritates the gums patients should call for an appointment immediately. **DO NOT** wait until your regular appointment. Also, your teeth may sore for a few days but this will go away if you keep on wearing it all the time.

3.Do not lose your appliance. **Never wrap it in Kleenex or put it in your pocket** unless it is in a plastic container. Bring your bionator appliance to each and every visit, even if you are on night-time wearing.

4.The appliance may be cleansed with a tooth brush and tooth paste. For a deeper clean use antibacterial hand soap once a week to clean it with a tooth brush. ****Never boil your retainer to disinfect.** The heat will distort the plastic and alter the retainers fit.

THERE WILL BE A \$400 FEE FOR EACH LOST BIONATOR

WE NEED YOUR FULL COOPERATION!
